- Autonomous tracked drive system
- Easy-to-access service areas
- Auto-start system equipped
- Class leading fuel efficiency
- Integrated screen cleaning brush

## VERSATILE SCREENING

Versatile screening made easy thanks to an interchangeable drum system compatible with various manufacturers. The MPB 20.55gh Trommel Screen is a deluxe screening workhorse that consistently and effectively separates a large volume of material. This trommel screen has an 18-ft long 6-ft diameter drum with leveling system allowing it to work in uneven terrain. Use the leveling mechanism to create drum inclination to work with more materials.

## CLASS-LEADING WARRANTY

All Pronar machinery comes with a robust, class-leading warranty. The MPB 20.55gh has a **24-month or 1500-hour limited warranty**. At **TiLT Industrial Services**, we partner with quality manufacturers and provide after sales service to keep you running in the field.

From genuine OEM parts with expedited shipping to technician training, certifications, service escalation, and marketing, TiLT Industrial Services provides hands-on support you can count on when you need it all backed by a robust warranty.

## EXPERIENCE PRONAR

The Pronar MPB series of mobile trommel screen is a combination of durable construction and simplistic operation to effectively separate materials for further processing. Mobile screens are an excellent way to sort a wide range of material types by size, including soil, compost, municipal waste, coal, aggregate, and biomass. Pronar trommel screens have near universal designs that allow the use of drums from some manufacturers with the machine.
