

TiLT Industrial Services' powerful, reliable, high-quality, slow-speed shredders are the versatile recycling solution you need to keep your business on track.

VERSATILE SHREDDING

The Pronar MRW 2.85g slow-speed shredder is an industrial machine that is used for the preprocessing of all types of materials. Shredding is accomplished by its two heavy-duty shafts running simultaneously, giving it the power to reduce nearly any kind of material with a throughput of up to 40 tons per hour, depending on what's being shredded.

STREAMLINED OPERATIONS

- All Pronar products are built with performance, versatility and ease of maintenance in mind.
- This tracked shredder is easy to maneuver anywhere around the job site.
- Easy change shredding components.

BUILT TO RUN

The Pronar MRW 2.85g has a powerful standard engine: **CAT C9.3B, 405HP (310 kW), Stage V/Tier 4 Final.** With **184 gallons (700L)** of on-board fuel capacity to keep running until the job is done.

CLASS-LEADING WARRANTY

All Pronar machinery comes with a robust, class-leading warranty. The MRW 2.85g has a **24-month or 1500-hour limited warranty.**

At **TiLT Industrial Services**, we partner with quality manufacturers and provide after sales service to keep you running in the field.

ADDITIONAL PRODUCT DETAILS

TECHNICAL SPECIFICATIONS	MRW 2.1010	MRW 2.85g	MRW 2.75g	MRS 1.53	MRW 1.300(g)
TECHNICAL SPECS					
Engine	Volvo Penta 16.1l 768HP (585 kW) Stage V/Tier 4 Final	CAT C9.3B 405HP (310 kW) Stage V/Tier 4 Final	Volvo Penta 7.7l 285HP (210 kW) Stage V/Tier 4 Final	Volvo Penta 12.8l 550HP (405 kW) Stage V/Tier 4 Final	Volvo Penta 12.8l 550HP (405 kW) Stage V/Tier 4 Final
Fuel Tank Size	317 gallon (1200L)	184 gallon (700L)	105 gallon (400L)	184 gallon (700L)	169 gallon (640L)
Loading Height	125"	124"	108"	96"	112"
Shredding Chamber	96" x 114"	68" x 92"	63" x 92"	86" x 144"	86" x 144"
PERFORMANCE SPECS					
Max. Shaft Speed	34 RPM	37 RPM	37/42 RPM	1000 RPM	27 RPM
Hopper Volume	159 Cu/Ft	106 Cu/Ft	88 Cu/Ft	N/A	226 Cu/Ft
Throughput	Up to 100 t/h	Up to 40 t/h	Up to 40 t/h	10,595 Cu Ft/hr	Up to 120 t/h
Shred Size (depending on Material)**	6" to >24"	6" to >24"	6" to >24"		2" to >6"
Machine Weight	97,020 lbs.	58,168 lbs.	36,383 lbs.	59,535 lbs.	59,535 / 66,150lbs.

*Throughput stats are approximate and greatly effected by the material being processed and machines configuration. **Due to the variety of the discs per shaft and the cutters per disc, on end product of approximately 5"-20" can be achieved. ***t/h - Tons Per Hour Cu Ft/h - Cubic Feet Per Hour.

MORE STAND OUT FEATURES

- Tracked chassis
- Easy-to-access service areas
- Remote operation
- Class leading fuel-efficient and capacity
- On-board telematics - standard!
- Incredible material throughput
- Cross belt magnet

APPLICATIONS

- Waste wood
- Green waste
- Tires
- Construction waste
- Demolition waste
- Paper rolls
- Mattresses
- Plastics
- Films
- All kinds of domestic, industrial, or bulky waste

SERVICE & SUPPORT

TiLT Industrial Services is committed to providing exceptional service and support to our customers to ensure they have all the tools and resources needed to be successful in their industry. From genuine OEM parts with expedited shipping to technician training, certifications, service escalation, and marketing, TiLT Industrial Services provides hands-on support you can count on when you need it all backed by a robust warranty.

EXPERIENCE PRONAR

Our selection of Pronar single and double shaft shredders provide shredding rugged solutions of the highest caliber for many applications. This is in part thanks to these shredders' universal platform, which promotes excellent serviceability, parts accessibility, and easy-to-maintain design. These qualities make the Pronar shredders the trusted solution for a wide range of industries including recycling, agriculture, municipal waste, construction & demolition, scrap, and more.
